The following report of the Australian Marathon Championship written by Norm Duff himself appeared in the September edition of *The Magpie*.

'On the Thursday before the race, 2000 miles from the Melbourne winter we were in the main stadium hoping for a drop in temperature. Fortunately it fell from 67 to 61 degrees and conditions were perfect when the gun fired. After 600 yards, Nolan (WA) led by 60 yards with the rest of the field closely bunched. At the 10 mile post, Ollerenshaw led from Power, Chorlton (all NSW), Cook, Lester, Duff (all Vic) and Sinfield (WA).

Halfway and the first four were unchanged. Bonella (Vic) had moved strongly into 5th. followed by Sinfield, Lester and Duff. At about 20 miles the rough, undulating road began to take its toll of the runner's legs. Power, Chorlton and Cook were forced to walk. Bonella was still going well, but he had let Ollerenshaw get too long a lead failing to catch him by just 60 yards. Power was 3rd, Sinfield 4th.

I was 5th., still feeling strong but unable to speed up because of sore legs. Bonella is a terrific prospect for the Games marathon. I thought the race was well organised – the only criticism being the lack of intermediate times. It was difficult to know what to try for over the last few miles. All in all it was a very successful championship and when runners like Dave Power are still experimenting with training methods there is hope us battlers.

I would like to thank the Social Committee and members for their support. A club like Collingwood behind you is a terrific advantage.'

50K Track Championship - Melbourne University

This event was held on the University track. In his first attempt at this distance, 'sprint' champion **Bob Gardiner** displayed his undoubted potential for long distance events and despite his finishing line comment of "What a silly caper this is", Bob is likely to prove a real prospect for the 50k at Tokyo in 1964. After walking with the experienced Jim Gleeson for the first 15 miles, Bob then sped up and had no trouble in holding second place.

Bob's time was a new Club Record. The old record stood to **Jim Gaylor** who clocked 5hr 05m 03s in 1932.
