

Saturday June 18th

CROSS COUNTRY

Bundoora

The forecast was not all that good, but we certainly got away with one today, as the rain held off and the wind was not really an issue at all. Yes – a few more degrees would have made things a little more pleasant, particularly for the spectators and officials, but most were very happy with the conditions.

The course became quite slippery as the day progressed, but when you consider that there were ten races on the day, six of which had two laps and the two big events, three laps, there was a reasonable excuse for some soft going.

The junior races today (u/14-u/18) were school based and the Club had a number of our younger members running around in the colours of their “alma mater”. There were a number of very good performances from our ‘kids’ with a number in contention for State selection as a result.

The women’s senior event saw **Virginia Moloney** pick up another medal, crossing the line in second place. Leading after the first two laps, Virginia couldn’t hold on and had to lower her colours over the 10k distance. Newcomer, **Katie Ward** went out hard, but found it a bit harder towards the finish – she is sure to improve with a bit of experience. Welcome to the nest Katie. **Melissa Vandewater** continues to gain fitness and is moving up in the placings, while **Tilly Horman** was another to show that she is going to be a real asset with some kilometres under the belt

OFFICIALS: Gary Mc Broom and Tony Williams were again in the AV colours, while Melinda Story, Robert Maillardet and Doug Leutchford filled the Collingwood spots required on the day to help with the operation of the program. Kevin Wigmore, again did a power of work recording all our times for posterity.

Barnes catering was on the job again, providing the après race sustenance.

Thanks to Kevin Wigmore, the Cornell Clan and Tony Dell from Richmond for the help erecting the tent early in the day and a big crew, including Heather and Peter Gaunt, Neil Matthews, Tony Hally, Liam Delany, John Crameri and Eugene Nemesi made short work of the packing up duties as the temperature really started to drop.
