CROSS COUNTRY

Bundoora

It's certainly a long day at Bundoora with all the various school based events in the morning beginning at 10:00am, with the senior Club based events rounding off the program later on. Fortunately the weather was good, so the conditions for those watching and working all day were pretty comfortable.

There were quite a number of Collingwood athletes representing their respective schools with the possibility of selection for a Victorian team a possible bonus for a good performance.

Our highest placed runner for the day was **Amy Cornell** in the under 16 girls with a silver medal. **Kareema Wakim** led our under 14 girls home – three pretty good performances while **Curtis O'Keeffe** put in his best run for the season in the boy's event in the same age group.

CLUB EVENTS

The under twenty events saw athletes able to represent their school (if appropriate) and club. Our boys were able to grab third spot in the team's event with **Dale Carroll** grabbing fourth place with a pretty quick run. **Evie Rosa** continues to improve with her regular training program obviously paying dividends.

Team Result 3rd

The senior races saw some varied results for the Club, with the obvious highlight being the all the way victory by **Virginia Moloney** in the Open 10k. Virginia was a clear winner over the line, but our team result was the worst for the season with many of our leading runners in the land of the missing. **Katie Ward** ran well to be our second runner home and is another to be improving markedly week by week.

Jessica Newton is to be commended on her effort. She twisted her ankle before half way, but soldiered on knowing that she had to finish to complete a team. Jess was in a pretty bad way when she crossed the line.

The men's race saw us finish seven teams for the first time this season, (relays excepted) although we still had three or four potential Divvy 1 runners missing. Of course this affects not only our top team, but all our teams down through the grades. Division three is, at the moment, in danger of relegation. While it is terrific to have thirty four runners finish, it is sobering to realise that twenty three of them are over forty years of age! We must increase the percentage of younger runners to survive!

Michael Whitehead was again our first runner home with **Hugh McCarthy** tuning up for the upcoming marathon with a very well timed run. **Liam Delany** was again first home in the 40-44 category, while **Magnus Michelsson** was second in the 45-49 group.

Eugene Nemesi continues to improve, moving up a few placings each race and **Rowan Thomas** was a very happy man to get to the finish line after his torturous introduction to Club athletics at Cruden Farm.

OFFICIALS: **Garry McBroom** and **Tony Williams** worked for AV, while **Judy Mason, Jodie O’Keeffe, Pennie Hayes, Meg Marsh** and **Robert Maillardet** shared the workload allotted to the Club during the morning session.

Kevin Wigmore collected our times as usual, as well working on the tent at both ends of the day.

The **Cornell** family were there early to help with the tent as were **Meg Marsh** and **Guy Fricke**. It was again great to have a team at the end including **Virginia Moloney, Trent McCormick, Eugene Nemesi** and **Liam Delany** to help with the packing up.

Liam again organised the eats with **Katie Ward** producing yet another box of goodies. **Zoe Cornell** chimed in with a welcome contribution this week as well.

Thanks to all for your assistance to the Club
