

Saturday April 30th.

KEW CAMBERWELL Hcp

Clifton Hill

The weather was terrific, if not a little warm, particularly for the senior 8k race! We had a great turn up for both events. Lots of new faces, many of whom have made the very clever decision to join Collingwood Harriers. The turn up of helpers was most pleasing as well. We even gave a couple the day off as we had more than we actually needed!!!

The junior race had 17 starters – yes many of them were visitors - but of course all of these runners are potential members of the future. It was great to see the **Scorgie** and **Waldron** kids have a run and then hang around to watch mum and/or dad run in the senior event. We had an extra runner from Yea as Laceby Cecil visitor **Emily Noonan** brought a friend, **Cara**, along for a looksee! It was great to see **Andre Chambers** back in action. Andre didn't run after Christmas in the track season due to some major foot surgery, but is now on the track again. For some of the kids this was their first experience of handicap racing although **Anthony Crews** did hit the big time at Stawell last week when he won the Little Aths 1600mts event. A nice boost to the bank balance and a terrific performance with his interview aired on ABC radio.

Forty starters toed the line at their respective intervals in the senior race. As mentioned earlier there were lots of new faces. It is particularly pleasing to see the increase in female members this year. The Club had an ordinary season in the ladies events in 2010 but things are really looking up after Saturday's race.

Rachel Barnes was first off and led all the way to record a great win. The improvement of this young lady is a great example of just what can be achieved with a little dedication and self belief. It is fair to say that Rachel would have fainted if even asked to run this distance eighteen months ago. Very promising junior **Jai Edmonds** was back after some leg problems and his performance bodes well for his season ahead. Newcomer **John Charles** showed that he too will score many points for Collingwood during the winter months. **Rachel Howden**, another newie, recorded the fastest time of the ladies. For the second race in a row **Troy Kameme** was late to the start and had to begin off a more severe mark than originally allotted. **Sofie Fabre** suffered the same fate! Evergreen and recently elected **Club Winter Captain Magnus Michelsson** was the fastest over the course and seems to be in pretty good form. Recent recruit **Liam Delaney** was second quickest on the day.

(NB. Runners without a previous club performance are ineligible for Bonus points **in this event** for the Winter Points Award.)

Afternoon Tea: Thanks to **Annette van Rooyen** and **Anthony Mithen** for supplying the eats today. Again the appreciation of all goes to these regulars on the catering roster. There are still a couple of vacancies for events later in the season.

Alison and **Janette Chapman** and **Chris Waldron** are the Master Chefs for next week's relays at Jells Park.

Officials: Thanks to all who helped today. As mentioned, possibly our best turn up ever, which together with the high number of competitors, showed why there wasn't much afternoon tea left at the end of the day. **Ray Harbert, Kevin Wigmore** and **Alan Minter** did the timing and collating of the results, while **Diana Barnett, Terry Lanham, Matthew Webster, Tony Williams, Graeme Scott** and **Don Cook** were out on the course at the bottom end of the course. **Shanyn Payne, Greg Chambers, Tim Holmes** and **Simon Duffy** were on duty closer to home. **Therese Barnes** and **Lyn Humphris** were willing volunteers, but were able to take the afternoon off in the sunshine.

Brenda Boylen performed the photographer's duties for the Club today.

Thanks one and all!
