KREEK KROSSING KLASSIC

Clifton Hill

A slightly larger field than last year greeted the starter for this year's 'Klassic.' Organised by John Crameri mainly as warm up for the winter season and a potential recruiting medium the 'KKK' is slowly growing year by year.

A most welcome runner was **Alicia Arnott**, back from her 18 month stint working in Cambodia. I am sure that Alicia will find training a little easier back here in Melbourne rather than the humidity she experienced in SE Asia.

There were a number of visitors, many brought along by new member **Liam Delaney**. Liam has quite a troop in his personal training business and a number of them decided to have a run. It's pleasing to note that a couple of these people have indicated interest in joining the Club.

Another interesting runner was 11 year old **Anthony Crews**. His dad **Fred** ran with the magpies back in the seventies and we are very happy to have Anthony along for the ride.
