ROAD CHAMPIONSHIPS

FLEMINGTON

It had been a while but there we were back at Flemington for the senior 10k. The changes made saw a somewhat better setting than that experienced in days gone by, however the course is still open to the wind. Fortunately the morning start let the runners get the run over long before the harsh weather forecast for later in the day had its chance to arrive.

Collingwood had 63 runners in the various events – a terrific number – probably our best since the 1930s when we often had numbers in the mid sixties (males only!) at the opening run of the season.

The day got off to great start with the **under 14 boys again taking out the team's event** in very convincing style over the 3.2k course. An added bonus was the **individual victory of Ben White**. He was closely followed by **Miles Leyden** and **Lachie White**. Eleven year old **Luke Garganis** also ran really well in support. Under 16 runner **Jordan Minter**, this week upstaged all the younger boys to be the first Magpie home in the event. The next Club race should be a beauty!

A look at the times shows that **every** (Collingwood) junior who ran the **3.2k** at Flemington **was faster (some by a large margin!!)** than their time in the **3k(??)** at Balnarring. Yes – road races are usually faster – but?????

The **Boylen** girls, **Eleanor** and **Adele**, had their first winter run *for* the Club – but we still need more to make up complete teams. Good to see Dad, **Chris** along for a trot as well, today leaving the photography duties to **Brenda**.

**Jai Edmonds** was our only starter in the U/18 10k and his smart time was most impressive as was his 5<sup>th</sup>. placing. **Meaghan Gaunt** improved one placing from Balnarring to grab 5<sup>th</sup> in the U/14 run. **Hannah Garganis** recorded one of her best runs for the Club – look what a little persistence does!

We welcomed another couple of newbies today. **Norval Hope** and **Steven Oliver** both had their first run with the Club after recently jointly winning first prize in the raffle of life in joining Collingwood Harriers. Their results suggest that they will both gain many valuable points for the Club in the weeks, months and hopefully years ahead.

**Liam Delany** continued his good form with another top effort. **Magnus Michelsson** showed that his recent marathon effort was well behind him with a much higher placing. Eighteen year old **Mason Barnes** gave us further evidence of his development with an **80 second** improvement on last year's performance. Others to run faster than in the corresponding race at Sandown last season were **Malcolm Campbell** (37s), **John Crameri** (2:40), **Jim Hopkins** (2:19), **Stuart Kollmorgen** (1:14), **Justin Murphy** (19s), **Chris Waldron** (1:49) and **Paul Wallace** (12s).

Our women's teams were certainly strengthened with the return of **Susan Michelsson** after a dose of the lurgi and **Rachel Howden** who couldn't make it to Balnarring. We were again able to finish four teams, a big improvement on last season. **Alicia Arnott**, who was anything but well, did well to get around the course.

### TEAM RESULTS

**Officials:** **Tony Williams** was again on the job with A.V. on our behalf. **Lyn Humphris** and **Kevin Wigmore** worked tirelessly to get all the interval times – well almost all! With so many starters a few were missed on the first lap – what a ripper problem to have!

Thanks to **Sharon** and **Miles Leyden**, **Frances** and **Paul Willmot** and **Kevin Wigmore** for their help with the tent – invaluable!

**Afternoon tea:** It is getting hard to thank everyone because so many people are contributing. **Paul Wallace**, **Graeme Paul**, **Kim White**, **Clare Garganis** and **John Crameri** are known to have helped this week, but there had to be more. Thanks one and all. With so many consumers these days it is probably too big a task for just one person to do the job any more.
